Renewed Energy

As new Board members, we're energized and ready to re-engage with current members and to establish connections with new members. Our 2023 NAPE Roadmap details several goals focused on membership and engagement:

- Increase awareness and recognition of NAPE
- Renew collaborative partnerships
- Support field research
- Support the professional development of probation executives

We're continuing to identify the best ways to connect with and develop the skills and knowledge of our members. Email communication is one tool we intend to use regularly.

We invite current and past members to share information about NAPE with other community supervision executives to help expand our network and strengthen our opportunities, data, and expertise. Affordable annual NAPE membership options are available and can be purchased/renewed at napehome.org

- Individual (recurring discount available)
- Retired
- Organizational
- Corporate

Heightened Awareness and Recognition

Increasing awareness and recognition of NAPE is a priority to the Board, which is why we recently worked with a graphic designer to refresh our logo. You'll see the new logo prominently included on communications and our new website, which is currently under construction.

Next Month

In May, we will share information about an upcoming webinar with several NAPE members discussing a current leadership topic. We'll also feature a monthly Pro Tip from a community supervision executive.

NAPE is dedicated to enhancing the professionalism and effectiveness in the field of probation by creating a national network for probation executives, bringing about positive change in the field, and making available a pool of experts in probation management, program development, training, and research.
